

— CAD Download Instructions —

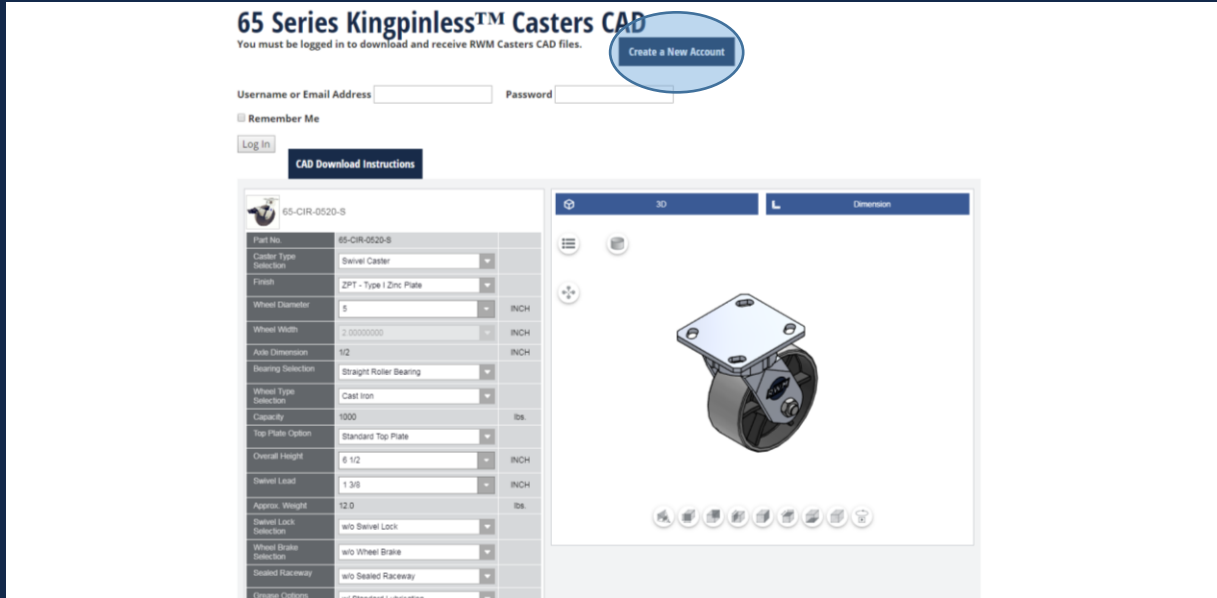

- Go to www.rwmcasters.com in your search engine.
- On the Homepage of the website click on the **Products Dropdown Bar** and then select **CAD Downloads**.

- Use the **Filter System** to identify which **Caster** or **Wheel Series** you want, then click on that series' image.

- Immediately after choosing a Series, you will see a 3-D rendering of the product. If you wish to download the model, first you must create a **Free Account**. So click on **Create New Account**. If you already have an account you can skip this step and **Log in**.

- Please fill out the information shown to create your account. Be sure to store your login information somewhere easy to access as you will need it later.

- Use the **Drop Down Menu**, within the CAD Preview box, to select the desired file type then click **Start Download**. Check the PDF datasheet option for a quick and convenient way to get the most pertinent details all on one PDF page for review.

- Once you have chosen the desired CAD System, a download should start and a file should be generated in the box.
- If a download did not automatically start use the **Zip File** of the created product that appears in the box to open the desired file. This may be downloaded to your personal Desktop where you may access it at any time.

- Thank you for your interest in RWM's **CAD Download System**. If you have any trouble with this process please contact our customer service team at 800-634-7704 or email at customerservice@rwmcasters.com for immediate support.
